Additional Disposal Options

Retailer Recycling Programs

Many retailers have recycling programs for items they sell. The companies listed below have in-store recycling options for many of their electronics. Contact a local store for participation and pricing.

More information can be found on retailers' websites.

- [Best Buy](#) — Electronics, printers, computers and accessories, vacuum cleaners, most TVs*
**see website for size restrictions*
- [Batteries + Bulbs](#) — Batteries, light bulbs, and small electronics
- [Staples](#) — Office electronics and equipment
- [Home Depot](#) — Batteries, fluorescent lights at participating locations
- **Lowes** — Batteries, fluorescent lights at participating locations

Electronic Recyclers

- [Castaway Technologies](#) (Lawrence, MA) — all electronic waste including TVs
- [Complete Recycling Solutions](#) - Batteries, light bulbs and ballasts, computer electronics/CRT's

Metal Scrappers

The following metal scrappers accept ferrous and non-ferrous metals. Please see their websites for more information or contact for specific items.

- [Windfield Alloy](#) (Lawrence, MA) — Electronics, appliances (white goods)
- [Anestis Metals](#) (Lawrence, MA) — Appliances (white goods), anything that contains metal, no circuit boards

The Town of Andover does not make recommendations for any companies or organizations listed on this page. The list is solely a resource for residents and is subject to change without notice.

Additional Disposal Options

Donations

3

Some charities refurbish electronics and sell them for cash if they are still usable. Others donate refurbished electronics to those in need. Please call for acceptable items before traveling to the location. More information can be found on their websites.

- [Goodwill](#) — computers and electronics (*partnered with Dell's Reconnect program*)
- [World Computer Exchange](#) (501(c), chapter in Andover) — gathers and refurbishes donated computers then ships them to partner schools in developing countries
- [Computers with Causes](#) — donates computers, networking equipment, and other electronics to families in need throughout the U.S.

Beyond the Bin Recycling Directory

Find out where to recycle, reuse, or repurpose your old electronics at the Beyond the Bin Recycling Directory for Massachusetts at recyclesmartma.org/beyond-the-bin-search

MassDEP Regulations

*Two sets of MassDEP regulations control the management of e-waste. Cathode ray tubes (CRTs), which are found in older TVs and computer monitors, have been **banned from disposal through the Massachusetts Waste Bans since April 2000**. CRT TVs and monitors are made with leaded glass and contain an average of 4 pounds of lead each. Massachusetts passed the Mercury Management Act in 2008 which **prohibits the disposal of any product that contains mercury**. Flat screen monitors, TVs, and other devices that have a back-lit screen contain fluorescent lamps which have mercury. Fluorescent lamps and any other mercury-containing items, including button batteries, must be disposed of as hazardous waste.*
